## FIRST STRIKE

“When hip hop is in peril, there will be Emcee M.D.”

In October of 2009 a hero emerged from the shadows of a dying music industry. Mark Miller, a.k.a. Emcee M.D. is rapper hailing from the small town of Akron NY. His powers of hip hop come from an ancient style of emceeing known as old school; where not only has he become a mic vigilante, but has engineered epic original hip hop beats which sometimes contain a hybrid of styles as well (punk metal, funk, etc). With a live show that ignites stages anywhere he performs, Emcee M.D. delivers non-stop energy and much crowd participation and involvement.

His record **FIRST STRIKE** delivers an industry shattering fist, full of energetic beats and powerful raps, to subdue any listener. With each song different than the next, this record has become a major favorite in any arsenal, for all music lovers.
